Epilepsy Policy

1. This school recognises that epilepsy is a common condition affecting many children and young people, and welcomes all students with epilepsy.
2. This school believes that every child with epilepsy has a right to participate fully in the curriculum and life of the school, including all outdoor activities and residential trips.
3. This school keeps a record of all the medical details of children with epilepsy and keeps parents updated with any issues it feels may affect the child.
4. This school ensures that all children and staff in the school understand epilepsy and do not discriminate against any children with the condition.
5. This school ensures that all staff fully understand epilepsy and seizure first aid, and that there is at least one member of staff trained to administer emergency medicines in school at all times.
6. This school will work together with children, parents, staff, governors, educational psychologists and health professionals to ensure this policy is successfully implemented and maintained.

This policy is updated as and when necessary.
